An Event Not To Be Missed!

In 2021 we were back to normal with a successful event that drew over 1,800 students across the day! At Youth Up Front, we aim to continue bringing together the best of post school education and transition options and information all in the one location providing seamless access to students to various universities, private colleges, gap year options, apprenticeship, traineeship and employment information.

For exhibitors, this provides a unique opportunity to engage with secondary schools across the Northern Beaches and Northern Sydney region in a profession and coordinated setting that is COVID safe.

As an exhibitor, your presence allows for direct communication with prospective students to assist them to navigate the choices and options for their future.

This long-running transition Expo has been regionally operating for over 25 years, attracting a broad and diverse range of local, state and interstate exhibitors including leading education and training providers. The event connects young people in senior years of high school to education/training providers, employment services, employers, apprenticeship/traineeship services, disability providers, government services, and other

support services to help them make informed decisions about their future. The Expo will also remain online for two months after the live day for continued access for students and parents across the summer holiday break.

Youth Up Front is a youth centred registered charitable organisation servicing the Northern Beaches and Northern Suburbs of Sydney. Operating since 1993, we manage a range of programs, which connect young people with business, education and community.

Why Exhibit

The virtual world wasn't for everyone and as we emerge from strong restrictions, secondary students and schools are keen to again add value to education and learning supporting strong career and transition decision making. The expo maintains a registration fee for exhibitors but remains a FREE event for visitors.

- Showcase your Business, Service, Program to a high profile audience in the region of Sydney
- Assist attendees to link with appropriate pathways and services to support their transition
- Access Senior School Students, Graduating VET and University Students
 - Facilitate pathways and linkages to encourage future study or employment
 - Demonstrate career paths
 - Encourage selection for appropriate further education
- Recruit new students, clients and staff
- Address skill shortages in your industry
- Support the career development of young people and demonstrate the options available
- Develop a personal relationship with new clients
- Demonstrate course content
- Create a database of potential clients
- Network with other Exhibitors
- Access to Year 10 Students
 - Present options to Students which will assist them to determine their subject choices into Years 11 & 12
 - Exhibit opportunities to Students for the HSC Including School Based Apprenticeships and Traineeships
 - Display your requirements for the Students to attend your training/education institution

This is a crucial time for these students, who are ready to make decisions about subject selection and future career planning.

This is the perfect opportunity for you to display and promote your service or business to a captive audience and to be a part of the business community supporting and working together with our youth.
